

AGEWELL
**SERVICES
PACK**

Delivering
quality
services for
older people...

...reducing the
strain on the
public purse.

EXPERTS THROUGH EXPERIENCE

West Midlands – based Agewell is an established social enterprise whose mission is to help older people to ‘age well.’

Since 1998, we have been delivering services which enable them to live happier, healthier lives, retaining their independence for as long as possible. Good news for the older people themselves and good news for the health and social care sector, as the knock-on effect is to reduce pressure on their services and budgets.

We offer excellent value for money for organisations wishing to commission our services. An independent study of three of our core services in 2013/14 revealed that we provided added social value of more than £1 million. Estimated savings to the public sector were in excess of £825,000 and overall the Social Return on Investment (SROI) was a remarkable £44 for every £1 spent with us.

We adopt an integrated approach, bringing health, social care and the third sector together to achieve the best outcome for all concerned.

How can we help you reach your objectives?

Talk to us if you have a budget to provide services for older people. Whatever your focus – preventing falls, tackling social isolation, reducing hospital readmissions – we can help.

Our clients include CCGs, Hospital Trusts, Local Authorities, Charities and other Community Interest Companies, as well as Private Sector Businesses.

We have a wealth of experience and expertise which we are ready to build on and roll out anywhere in the country.

Included in this pack are some sample packages and prices. We can also quote for bespoke packages, putting together specific services to meet your requirements and budget.

If you'd like to know more, please get in touch to arrange a meeting. We look forward to hearing from you.

Deb Harrold
Chief Executive

AGEWELL MAKES THE CONNECTIONS...

...AND MEETS THE OBJECTIVES OF ALL ORGANISATIONS WORKING WITH OLDER PEOPLE

OUR OBJECTIVES WHEN WORKING WITH OLDER PEOPLE ARE

TO REDUCE:

- ▼ Demand on GP, A & E and ambulance services
- ▼ Avoidable emergency hospital admissions
- ▼ Delayed transfer of care from hospital
- ▼ Readmissions to hospital
- ▼ Permanent admissions to residential care/ nursing homes
- ▼ Social isolation, emotional distress, depression, anxiety and cognitive decline
- ▼ Injuries due to falls
- ▼ Number of medications
- ▼ Inequality in life expectancy

AND TO INCREASE:

- ▲ Quality of life for the older person
- ▲ Physical and emotional health and wellbeing
- ▲ Ability to self-care, manage long term conditions and live independently for as long as possible
- ▲ Opportunities to make their voice heard
- ▲ Uptake of vaccinations and health screening programmes
- ▲ Reablement by delivering support to live at home
- ▲ Signposting, partnership working and co-production

IN SANDWELL AND
WEST BIRMINGHAM
benefitted from our
services this year

AGEWELL
membership
increased
this year by **6%** to
2,389

Across all our contracts:

OVER 200 Agewell members are
from ethnic minority
communities

Working with Agewell is just fantastic. We come and go as people need us, but Agewell can pick up and follow through once the patient has left the health service. They are there offering help and support all the time. They are filling a gap and helping individuals to reintegrate back into their community.

Helen Bessant, Integrated Care Services (ICARES), Sandwell and West Birmingham Hospitals NHS Trust

We are liaising with Agewell and referring to them which is very useful. Agewell is a very good contact and offers a helpful service.

Jacki Macfarlane, Practice Manager, Pages Lane Surgery

Agewell has access to a wide range of support in the community which is helping to empower and re-enable individuals and help with their social inclusion. Agewell is a valuable part of the model we are trying to create.

Kim Roberts, D47 Re-ablement Unit, City Hospital, Birmingham

Without Agewell we would really struggle. They are fabulous.

Faye Holtum, Occupational Therapist
